Item	Title/Description	Amount/FTE
<b>Section 1 – Appropriation Reductions</b>		
1.1	Correction to Greensheet 17-1-A-2 (Seattle Department of Transportation, Transportation Operating Fund (10310))	(\$47,000)
	This item decreases appropriation authority by \$47,000 in the Street Maintenance BCL (10310-17005). Greensheet 17-1-A-2 increased the General Fund and Transportation Operating Fund (TOF) authority by \$47,000 for flood-oriented street sweeping. The intent of the Greensheet was to revise the funding source; however, since the Proposed 2014 budget already included \$47,000 of reimbursable appropriation authority funded by non-General Fund revenues, the line item is now double budgeted with a total of \$94,000. This action will reduce the appropriation authority to \$47,000 consistent with the intent of the Greensheet.	
<b>Section 2 – Appropriation Increases</b>		
2.1	Increase Budget for Distribution Services (Department of Finance & Administrative Services, Finance and Administrative Services Fund (50300))	\$115,000
	This item increases appropriation authority by \$115,000 in the Facility Services BCL in the Department of Finance and Administrative Services (FAS) to provide resources to cover the substantial postage cost increases that are the result of postal rate increases and increased mail volumes. FAS needs the resources in 2014 to continue to provide mail and distribution services to the City departments. City departments will reimburse FAS for the increased postage costs based on the services received.	
2.2	Funding for Seattle Indian Center (Department of Finance & Administrative Services, Finance and Administrative Services Fund (50300))	\$29,476
	This item increases appropriation authority by \$29,476 in the Facility Services BCL. This request is necessary for FAS to pay rent for the Seattle Indian Center at their current location in the Leschi Center building. The Leschi Center building has been sold to the Seattle Indian Health Board and the Seattle Indian Center needs to vacate their current space and find a new location. The City agreed to assist the Seattle Indian Center with relocation costs.	
2.3	Fund Preschool for All Strategic Advisor 2 - Exempt position (Department of Neighborhoods, General Subfund (00100))	\$83,000
	This item increases appropriation authority by \$83,000 to the Office for Education BCL. The purpose of this increase is to fund half of the cost of a Strategic Advisor 2 - Exempt position that was established in the 2014 Adopted Budget as well as unbudgeted Preschool for All parent/guardian survey costs. These costs were not included in the 2014 Adopted Budget. The SA2 position manages the outreach strategies for the Preschool for All planning, currently underway.	
2.4	Increase for position reclassification and new part-time position (Executive Department, General Subfund (00100))	\$11,000
	This item increases appropriation authority by \$11,000 in the Seattle Office for Civil Rights. A Planning and Development Supervisor position will be reclassified to Training and Education Coordinator or a similar classification, and a new .75 FTE Training and Education Coordinator will also be added. The new .75 position will be funded with salary savings from the reclassification and the additional \$11,000. These positions will provide the resources needed for SOCR and RSJI achieve its work plan commitments to the community to provide equity tools, training and education and technical assistance.	

Item	Title/Description	Amount/FTE
2.5	Restore Deputy Director position to Office of Housing (Executive Department, Office of Housing (16600))	\$90,000
	This item increases appropriation authority by \$90,000 in the Office of Housing Operating Fund 16600 BCL. The funding, which represents six months cost for the position, will be supported by Bonus Funds. This request, in conjunction with position request Item 7.5, restores the Deputy Director position to the Office of Housing, which was abrogated in the 2012 Adopted Budget. The position is necessary to ensure that the Office of Housing is as effective as possible in creating affordable housing for the City's low-income residents. The Deputy Director will focus on internal program management, new initiatives and opportunities that cross programmatic lines, and allow the Director to focus more externally on building partnerships.	
2.6	Restore Executive Assistant position to Office of Housing (Executive Department, Office of Housing (16600))	\$48,375
	This item increases appropriation authority by \$48,375 in the Office of Housing Operating Fund 16600 BCL. The position is funded at six months at \$48,375 per Bonus funds. This request, in conjunction with position request Item 8.4, restores the Executive Assistant position to the Office of Housing, which was abrogated in the 2012 Adopted Budget. The Office of Housing currently does not have any high-level administrative assistance capacity. Since the position was eliminated, the Director and other members of the senior staff have absorbed administrative work at the expense of their primary job responsibilities.	
2.7	Increase Appropriation for Community Engagement and Staffing (Executive Department, General Subfund (00100))	\$409,238
	This item increases appropriation authority by \$409,238 in the Office of Immigrant and Refugee Affairs BCL. This request is necessary to build the capacity of the Office of Immigrant and Refugee Affairs (OIRA) to fulfill the community engagement and immigration integration mandates laid out in its charter. Language acquisition, economic development, citizenship and civic engagement are all key strategies necessary for successful immigrant integration. OIRA needs to design and implement program initiatives that can strengthen immigrant and refugee communities utilizing these strategies and implement targeted engagement with immigrant and refugee communities. This increased authority will allow OIRA to hire two new Strategic Advisors who will be responsible for community relations and program coordination, as well as to hire consultants to help implement OIRA goals.

	This item increases appropriation authority by \$150,000 in the Office of the Mayor BCL for a strategic advisor position to manage the implementation of the Center City Initiative. The position will be housed in the Office of Policy and Innovation. Item 7.2 of this ordinance adds the position increase.	
2.9	Increase Appropriation for City Hall ADA/Acoustical Study (Finance General, General Subfund (00100))	\$75,000
	This item increases appropriation authority by \$75,000 in the Appropriation to General Fund and Special Funds BCL in Finance General to provide resources to use the information gathered from the acoustical study to complete a full predesign phase which will include (but not limited to) the development of project options, project construction estimates, and construction documents for the preferred option. This request does not include design and construction costs.	

Item	Title/Description	Amount/FTE
2.10	Increase appropriation to FAS for Seattle Indian Center (Finance General, General Subfund (00100))	\$29,476
	This item increases appropriation authority by \$29,476 in the Appropriation to General Fund Subfunds and Special Funds BCL. This request is necessary for FAS to pay rent for the Seattle Indian Center at their current location in the Leschi Center building. The Leschi Center building has been sold to the Seattle Indian Health Board and the Seattle Indian Center needs to vacate their current space and find a new location. The City agreed to assist the Seattle Indian Center with relocation costs.	
2.11	Increase Appropriation to HSD for Indian Health Center (Finance General, General Subfund (00100))	\$150,000
	This item increases appropriation authority by \$150,000 in the Support to Operating Fund BCL (00100-2QE00). This request is necessary for HSD to pay relocation costs, tenant improvement costs, and services costs for the Seattle Indian Center. The Seattle Indian Center is currently located in the Leschi Center building, which has been sold to the Seattle Indian Health Board. The Seattle Indian Center needs to vacate its current space and find a new location. The City agreed to assist the Seattle Indian Center with relocation costs. This item is in conjunction with the HSD appropriation increase, item 2.14.	
2.12	Low-Income Housing Institute-Urban Rest Stop (Human Services Department, Human Services Operating Fund (16200))	\$398,285
	This item increases appropriation authority by \$398,285 in the Community Support and Assistance BCL (16200-H30ET). Finance General will transfer \$300,000 of budgeted authority and \$98,285 will be funded with Community Development Block Grant (CDBG) funds. In the 2014 Adopted Budget, \$525,000 was reserved in Finance General to backfill potential reductions in federal and state support for local critical human services programs. This appropriation increase utilizes a portion of that funding for the Low-Income Housing Institute's Urban Rest Stop program. In 2013 the program received \$398,285 in federal McKinney-Vento funding. The Urban Rest Stop program will not receive McKinney-Vento funding in 2014, and this appropriation is needed to continue services at the Urban Rest Stop program.	
2.13	Homeless Assistance Appropriation - Green Sheet 83-1-A-1 Proviso Lift (Human Services Department, Human Services Operating Fund (16200))	\$450,000
	This item increases appropriation authority by \$450,000 in the Community Support and Assistance BCL (H30ET). Green Sheet 83-1-A-1 placed \$450,000 in Finance General and placed a proviso on the funding pending the receipt of a report from the Human Services Department (HSD). The funding was appropriated to assist homeless families, especially women and children, living on the streets, in cars, in encampments, and/or fleeing domestic violence. HSD submitted the report to the Chair of the Council's Housing Affordability, Human Services and Economic Resiliency Committee on January 31, 2014. The Proviso was lifted with a letter filed with the Clerk to certify the report. Item 15.1 lifts the Proviso.	
2.14	Funding for Seattle Indian Center (Human Services Department, Human Services Operating Fund (16200))	\$150,000

Item	Title/Description	Amount/FTE
	This item increases appropriation authority by \$150,000 in the Community Support and Assistance BCL (H30ET). This request is necessary for HSD to pay relocation costs, tenant improvement costs, and services costs for the Seattle Indian Center. The Seattle Indian Center is currently located in the Leschi Center building, which has been sold to the Seattle Indian Health Board. The Seattle Indian Center needs to vacate its current space and find a new location. The City agreed to assist the Seattle Indian Center with relocation costs. This item is funded with the General Fund, and there is a corresponding appropriation increase, item 2.11, in Finance General.	
2.15	Add Appropriation for 1 FTE Personnel Specialist Position (Legislative Department, General Subfund (00100))	\$95,000
	This item increases appropriation authority by \$95,000 in the Legislative Department BCL. This increased authority will fund the addition of a Personnel Specialist. In 2011 1 FTE position was abrogated resulting in 1 FTE performing the work of 2 FTEs. Responsibilities include supporting the Legislative Department, the City Auditor, Hearing Examiner, and Office of Professional Accountability Review Board. There are a number of necessary human resources systems and process improvements and recruitment activities to complete, including filling the vacant Central Staff Director and Policy Analysts positions, which cannot be accomplished without the addition of this position. Item 7.4 adds the associated position.	
2.16	Compensation Adjustment (Legislative Department, General Subfund (00100))	\$123,000
	This item increases appropriation authority by \$123,000 in the Legislative Department BCL. The increase is for a compensation adjustment that addresses pay equity issues in the department.	
2.17	Zipcar Parking Agreement at King Street Station (Seattle Department of Transportation, Transportation Operating Fund (10310))	\$9,000
	This item increases appropriation authority by \$9,000 in the Mobility Operations BCL (17003). SDOT entered into an agreement with Zipcar starting October 2013 for parking usage at the King Street Station. Zipcar will pay a monthly fee of \$600 per month for two spaces. The funding will be used for operations and maintenance costs at the King Street Station.	
2.18	Rideshare Tax Credit (Seattle Department of Transportation, Transportation Operating Fund (10310))	\$145,000
	This item increases appropriation authority by \$145,000 in the Mobility Operations BCL (17003). Funding from the Rideshare Tax Credit will be used to enhance delivery of the City employee commute trip reduction program (My Trips), which will build on previous investments like the new website, the ORCA Passport program, and the Guaranteed Ride Home program. Rideshare Tax Credit funds will also be used to provide other enhancements at City of Seattle CTR-affected work sites to help meet commute trip reduction goals.	
2.19	Funding City Relicensing Program (Seattle Municipal Court, General Subfund (00100))	\$65,000

Item	Title/Description	Amount/FTE
	This item increases General Subfund appropriation authority in the amount of \$65,000 in the Court Operations BCL (M2000). The Judgment/Claims Subfund will reimburse the General Subfund for these expenses. This funding is the result of the resolution in the matter of City v. Price (No. C03-1365P, W.D. Wash., 2007). Price was a class action suit in which the plaintiffs alleged wrongful impoundment of motor vehicles by the City and its towing contractors following arrest of individuals for driving with a suspended or revoked license. The suit was resolved through a settlement between the parties. After payments to plaintiffs and attorney's fees, \$130,000 of settlement funds remained in the Judgment & Claims fund. The City and the plaintiffs have agreed to use these funds to start a relicensing program. Half of the funds (\$65,000) were previously allocated in 2013.	
2.20	Body Worn Video Pilot (Seattle Police Department General Subfund (00100))	\$150,000
	This item increases appropriation authority by \$150,000 in the Field Support Administration BCL to fund a consultant who will work as the project manager to implement the Body Worn Video Pilot (BWVP). The project manager will organize and document the efforts around vendor coordination, operations, policy, training and technology; coordinate technology integration, security, testing, quality assurance, problem tracking, status reporting, survey and analysis, communications; and provide recommendation for a path forward including staffing requirements for production rollout and sustainment. In addition this project will include: training, audit/policy, labor, operations owner, technical, legal ramifications, communications. This may require additional costs that will be requested in the future.	
2.21	Office of Professional Accountability – FIT Response (Seattle Police Department General Subfund (00100))	\$215,000
	This item increases appropriation authority by \$215,000 in the Professional Accountability BCL to fund the addition of a new sergeant and overtime for Use of Force call-outs and the purchase of vehicles for this response. The FIT call-out sergeant will be responsible for overseeing all investigations of serious level force incidents and officer-involved shootings. During a FIT call-out, OPA will "roll out" one to two sergeants to the scene to observe and monitor the FIT investigation. 8.7	Video Specialists II to Address Increased Workload Requirements (Seattle Police Department)	2.0
	This item creates 2.0 full-time Video Specialist II positions in the Police Department. This request is to meet increased workload due to a new requirement to provide more intensive investigation to identify all active case related video evidence and the addition of a second vehicle camera resulting in more video evidence to be provided. Both of these changes occurred in late 2013 and were unable to be addressed in the 2014 Adopted Budget. In order to respond to a Court request for more thorough video investigation, Video Specialists now spend time: 1. Analyzing CAD reports and Incident Reports to locate other Officers that may of responded to the scene and had recorded video but is not listed on the case report, 2. Conducting geographic locating searches to identify nearby officers who may have had video of an event, and 3. Identifying whether a different call may provide collaborative video evidence. This intensive search process in addition to the amount of video evidence produced by a new internal car camera has strained SPD video resources beyond capacity. The Department has hired temporary employees to meet current need until permanent staff can be identified.

	This item reallocates \$4,000,000 of project allocations within the Power Supply & Environmental Affairs CIP BCL (41000-SCL250). The reallocation will provide funding for change orders associated with the Boundary Unit 55 Generator Rebuild and the Boundary Unit 56 Generator Rebuild. Deferral of Boundary Unit 56 has resulted in significant storage and remobilization costs. A design change to upgrade the thrust bearings has been added. Project allocations are increased for Project 6303 and 6354 and are offset by reductions in Projects 6564 and 6562.	
11.2	Net zero transfer of appropriations and project allocations within the Power Supply & Environmental Affairs – CIP (41000-SCL250) BCL	\$0
	This item reallocates \$2,302,000 of project allocations within the Power Supply & Environmental Affairs CIP BCL (41000-SCL250). The funding will be used on four minor improvements: improving generator control circuits, installing a new security entrance to the Boundary Hydro Project, implementing rockfall protection, and upgrading a shops building. ### 2014 - 2019 Adopted Capital Improvement Program

**City of Seattle**  
Edward B. Murray  
Mayor

April 29, 2014

Honorable Tim Burgess  
President  
Seattle City Council  
City Hall, 2<sup>nd</sup> Floor

Dear Council President Burgess,

I am transmitting the attached proposed Council Bill, which amends the 2014 Adopted Budget and the 2014-2019 Capital Improvement Program. The legislation includes adjustments to several department budgets based on requests that were submitted to the City Budget Office earlier this year.

Included in the request is \$409,000 to increase the capacity of the Office of Immigrant and Refugee Affairs in order to fulfill the community engagement and immigration integration mandates laid out in its charter.

This Bill also serves as a vehicle to abandon unspent appropriations from various funds, for capital projects administered by Seattle City Light and Seattle Public Utilities. This mass abandonment process allows these departments to update their capital program funding at current levels, and the upcoming 2015-2020 Capital Improvement Program will renew their capital budget requests.

Finally, this Bill authorizes grant funding from various grants. These grants provide the necessary resources to carry out a number of important City tasks including better preparation and capabilities in responding to emergency events. The acceptance of these grants was transmitted to Council in a separate Bill accompanying this Bill

The attached legislation provides an opportunity for the City Council to review and approve several adjustments to the 2014 Adopted Budget in a single ordinance. Thank you for your consideration of this legislation. Should you have any questions, please contact Tyler Running Deer at 233-7065.

Sincerely,

Edward B. Murray  
Mayor of Seattle
